Над мирен [illegible] на черен кръст
Комбинирал [illegible] над сърпа
[illegible]
[illegible] се [illegible] и [illegible]
и [illegible] [illegible]
[illegible]
Изтръпнал бедни [illegible] на неговия [illegible]
[illegible] се [illegible] бедния —
[illegible] [illegible] [illegible]
Порфири [illegible] и [illegible] брестове,
[illegible] —

И просяк безочлив и мъж горделив
И чъмъ господар и слуга непокорен
Свидетелят всевярен и убедителен
Хвала и отрова, и [illegible] вяра
Да гриза [illegible] на бъдния [illegible]
Едни [illegible] [illegible] и [illegible]

Отчаяните [illegible] [illegible]
А [illegible] [illegible] [illegible] [illegible]
Сред общия [illegible] [illegible] [illegible] се [illegible]
[illegible] се! [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible]
И [illegible] [illegible] [illegible] [illegible]?
