I see Mrs. Bates. I have not seen well enough to do any visiting
yet - I have not even been to the house of my other niece here
in the city except for a little while one afternoon -
next week on Tues. if I get better I shall go to Providence to
the meeting of the Board - Mrs. Long can tell you what that is.
I hope to see Mrs. Wood, Mr. Tracy & lots of other people there.
Has Dr. Long returned & are all his family together once more.
How do you like the new tutors? Are the Jews in the country
still? If you do not see them, tell Willie I have been disappoint-
ed not to get a letter from any of them - Henry said she would
write & send a photo of a Gikah - Of course the letter is of small
consequence! but I want the picture - I suppose the Nicholsons are
on their way to America - Love to all the friends who remain - Mrs.
