

MS. N 1760
1863

When you write to me you will give me the news of your town about the general opinion on the current questions which interest us.

You go very often to Pera. Can you buy me the books of which I enclose you a list, and send them to me by the first chance there is? I will send you the money through Mirkovitch.

Some months ago I had written for a number of books to Mr. Panaretoff and I received only a part of them. He has not sent me an answer yet if he has sent the rest or not. Ask him for me, please.

My compliments to all friends
Yours affect
