The first egg found  
was in a nest in  
a hollow tree trunk  
in a garden near the  
house. It was about  
the size of a pea  
and contained a small  
white worm. The  
nest was made of mud  
and lined with hair.  
The worm was found  
in the nest on the  
17th of the month.
