

over and over again  
the interest of the  
people is the only  
thing that should  
be considered in  
the making of laws  
and the carrying out  
of the same.

It is the duty of  
every citizen to  
be interested in  
the affairs of his  
country and to  
use his influence  
to bring about  
the best possible  
government.  
The people should  
be educated and  
enlightened so  
that they may  
be able to  
take care of  
themselves and  
their country.
