

— The world is becoming  
gentler, calmer... — some  
more.

— The world is becoming gentler — more  
kind, more kind.

— There is a new  
feeling of gentleness and  
kindness — a feeling of  
kindness and gentleness  
in the world.

— The world is becoming gentler  
and kinder... — more and kinder.

— The world is becoming gentler  
and kinder... — more and kinder.

— The world is becoming gentler  
and kinder... — more and kinder.
