to and the same
embodiment is seen
in the form of
the human body
and the human mind
is the same thing
the human body
is the same thing
the human mind
is the same thing

Three

— the same is the same,
and the same is the same,
the same is the same,
the same is the same?

Every country

— the same is the same
the same is the same
the same is the same
the same is the same
